Accomplishments

Part of P5: Added posting comments from the forum to the database. (Garrett)

B3: Finished up most of the queries that we will probably need in the express app. (Garrett)

Part of W5: Did research on automating app startup; runpy and subprocesses/psutil seem like viable options. (Garrett)

Part of P6: UI card positioning to display the tips in a structured format (Nanda)

Part of W6: Ensured database is scalable for any game (Alec)

Part of P8: Added buttons to post the recieved tip and send rating to the database (still need to implement modifying a rating if one already exists for this user/tip combo) (Johnny)
